	<b>HANDLER MUST BE AT LEAST 18 YEARS OF AGE:</b>					b17										
	Handler or employees entering a field under a REI. (3CCR 6722)															
	<b>ENVIRONMENTAL CONCERNS:</b>					b18										
	Drift, run-off, and wildlife hazards. (Label, Compliance Assistance booklets)															
	Health Information	<b>HOW TO INTERPRET POSTED WARNING SIGNS:</b>					b19									
		Understand the meaning of posted warning signs, restricted entry interval, & application exclusion zones														
<b>WARNINGS ABOUT TAKING PESTICIDE CONTAINERS HOME</b>					b20											
(Compliance booklets)																
<b>WHERE POSSIBLE PESTICIDE ENCOUNTERS MAY OCCUR:</b>					b5											
Including treated surfaces, clothing, PPE, application equipment, and drift. (PSIS, compliance booklets)																
<b>HAZARDS OF PESTICIDES:</b>					b6											
Acute and chronic effects, delayed effects and sensitization, potential hazard to pregnant women and children. (Labeling, SDS, PSIS leaflets)																
<b>ROUTES OF EXPOSURE:</b>					b7											
Routes through which pesticides may enter the body. (Label and SDS)																
<b>SIGNS AND SYMPTOMS OF OVEREXPOSURE:</b>					b8											
Pinpoint pupils, nausea, shortness of breath, etc. (Label, PSIS leaflets, Compliance booklets, SDS)																
<b>SAFETY DATA SHEET INFORMATION:</b>					b10											
Hazard, emergency medical care treatment, and other information																
<b>HAZARD COMMUNICATION PROGRAM:</b>					b11											
Written Hazard Communication Information (PSIS A-8), Safety Information, Series leaflets, Safety Data Sheets, Pesticide Use records, employee training, exposure & monitoring records																
<b>MEDICAL SUPERVISION:</b>					b12											
Purpose and requirements if using Category I or II organophosphates or carbamates																
Additional Information		<b>EMERGENCY FIRST AID FOR PESTICIDE OVEREXPOSURE:</b>					b13									
		First aid for skin, eye, inhalation and ingestion exposure. (PSIS A-4, Label instructions, SDS)														
	<b>PREVENTION, RECOGNITION AND FIRST AID FOR HEAT RELATED ILLNESS:</b>					b15										
	Worker protection standards. 8CCR 3395															
	<b>POTENTIAL HAZARDS FROM PESTICIDE EXPOSURE TO CHILDREN AND PREGNANT WOMEN</b>					b21										
	(SDS, Label)															
	<b>EMPLOYEE'S RIGHTS:</b>					b23										
	Right to receive information regarding pesticides to which he/she may be exposed; protection from retaliatory action due to exercising their rights; physician may receive pesticide information.															
<b>REPORTING PESTICIDE USE VIOLATIONS:</b>					b22											
Report suspected use violations to the Department or County Agricultural Commissioner.																
<b>RESPIRATOR TRAINING:</b>					6739											
Written operating procedures for use, selection, fitting, cleaning, inspection, maintenance and limitations. (Label requirements, specific regulations, PSIS A-5, and respirator manufacturer recommendations)
